

Payroll Factsheet

Fully compliant with current legislation, Keytime Payroll will process all your payrolls with ease.

Field trials of the package have proved conclusively that Keytime Payroll –

- Is the easiest to get up and running (less than ½ a day in 99% of cases)
- Produces payrolls in the fastest possible time (less than 10 minutes on average)
- Comes out top in terms of the price/performance stakes

Keytime Payroll offers all the “bells and whistles” you would expect from a payroll package – with additional features you wouldn’t expect including –

- Inland Revenue approved
- Net to Gross calculation
- User definable security levels – providing access when necessary, restricting it when not
- The facility to include photos in employee details

Key features

- Electronic filing of year end PAYE
- Input data from Microsoft Excel
- Explorer type interface – making for trouble free navigation of the package
- Password protected database
- User definable access level offering – full access, Read-only access, access by specified department.
- Prints directly on to P45 Inland Revenue Stationery
- Choice of National Insurance contribution calculation – exact percentage method, table method
- Statutory Pay – Maternity, Paternity, Adoption and Sick – all automated
- Employee loans recording
- Attachment of earnings
- Historical reporting enables running of reports from previous periods including payslips
- Calculates small employers’ relief
- Full range of reports available – including sickness and pensions
